ONEKIND WILDLIFE RESCUE CHALLENGE

Join animal welfare charity OneKind on an unforgettable challenge to rehabilitate animals, helping as many as possible return to the wild.

ITINERARY

Day 1 - Depart UK

Depart London Heathrow on an overnight flight to Bangkok with Thai Air.

Day 2 - Arrive Thailand

Arrive in Bangkok and transfer by coach to the Wildlife Rescue Centre in south Thailand.

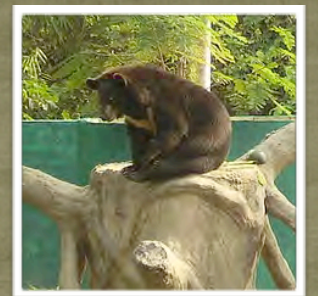

Day 3 to Day 7 - Volunteer at Sanctuary

Begin caring for the amazing variety of wild animals at the sanctuary, including 200 primates, a tiger, civets, a crocodile and Asiatic black bears.

There's no typical day, but tasks include feeding the animals and cleaning enclosures, as well as helping to construct enclosures and working on enclosure enrichments. You might assist with tours for visitors, or carry out maintenance work on the enclosures and gibbon islands. You will be scheduled where you are most needed and where your skills can be used to the maximum advantage.

Although you will work very closely with the animals, there is a strict 'hands off' policy, whereby no physical contact is allowed with the animals in order to help their rehabilitation and maintain a safe working environment.

Day 8 - Transfer to Bangkok

Day 9 - Bangkok

Enjoy a well deserved leisure day in Thailand's capital city and celebrate your fantastic achievement to help wild animals with your fellow volunteers at a dinner in the evening.

Day 10 - Depart Bangkok

Day 11 - Arrive back in the UK
